COMMENTS:

Having completely examined the above-mentioned classic automobile for, body, paint, interior and complete mechanical condition, we find this very rare Model ALFA Montreal to be in exceptional condition throughout. The interior, seats, and all carpets and trim work including headlining are in exceptional condition. The dash and all original factory instruments are in excellent condition and working well. All glass is in excellent condition with no cracks or blemishes. The factory "ALFA RED" paint work is in mint condition. All original factory wheels including tires are in as new condition, all chrome and stainless trim work is in exceptional condition throughout. All mechanical components including brakes, steering and exhaust have been either reconditioned or replaced with new components. The low mileage engine and transmission are in excellent condition and working exceptionally well. The factory AM/FM stereo cassette grundig radio is in excellent condition and working well. The only flaw that we could find on this classic automobile is a small cut on top left side of the dashboard which is in process of being repaired.

This model year ALFA Montreal was never imported into Canada and a very rare car to find. This automobile runs and drives like a new car and a pleasure to own.

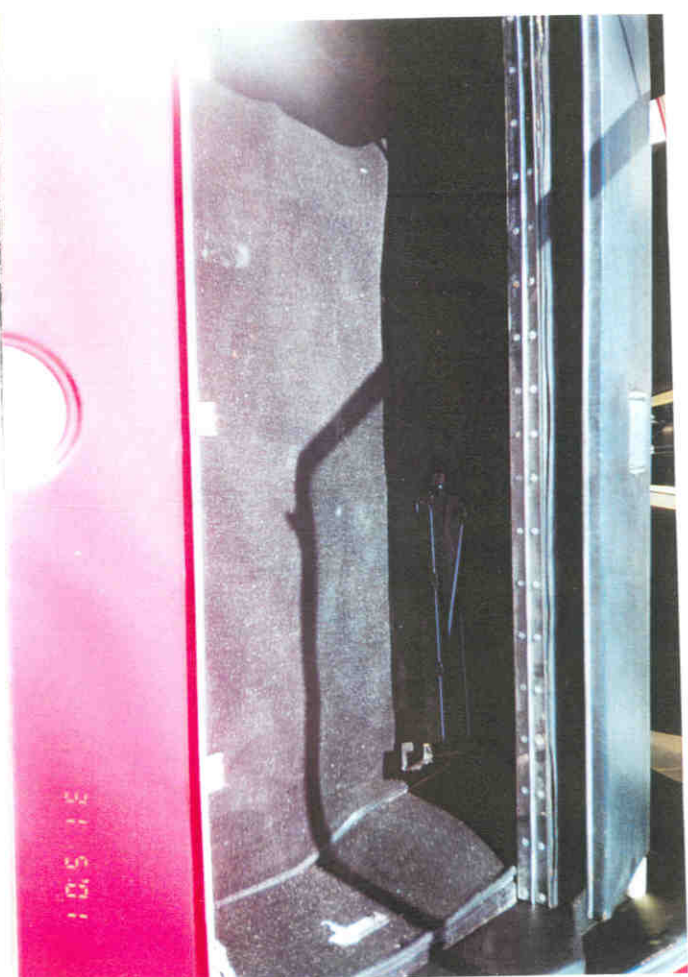

Our appraised value of this automobile at current market prices is Thirty Seven Thousand, Five Hundred Dollars Canadian (\$37,500.00 Cdn.).

Trusting this information is sufficient for your file.

Yours truly,

L. D. Prophet
