1962 SPIDER	10204	0	~	~	~	~
TOTAL		<u>3445</u>				

NOTE: because all engines were bench tested before installation, engine numbers did not necessarily coincide with the Chassis Number originally intended. For example, Chassis number 10204.02335 had engine 00204.02216

This is also why the original vehicles do not have an engine number stamped on the Chassis Number Plate.
